Maximize exposure with Amazon Advertising.

You've got two ways to grow: either you reach more people (and sell more pro) Tj T* E

Amazon can help shoppers discover your brand, and it's a great additional sales channel for your Shopify store.

One way to boost profitability without increasing sales is to reduce your cost of goods sold (COGS)-and a great way to do that is to negotiate directly with your wholesale suppliers.

Product descriptions matter too: Remember that customers are skimming, so a 10-line long paragraph probably won't do the job. Use your brand voice here and reiterate key selling points while mentioning any supporting facts that can help customers understand why they need to buy now.

Avoid keyword stuffing: While it's important to use terms that will help you rank for your category in Amazon search, avoid bad SEO practices like pumping your pages full of relevant words and phrases. Instead, consider them from your customers' perspective. What information do they need to be convinced this item is worth purchasing?

Beyond setting your base prices, you'll also want to consider sales and discounts. Such promotions are a great way to increase visibility and gain reviews.

Lightning Deals, price discounts, best deals, coupons, buy one, get one offers, etc. are all opportunities to offer and highlight a temporary discount to your product.

The Amazon Channel makes it possible for anyone who wants to make money in USD or CAD to easily list on the world's largest marketplace, and get next-level product and brand visibility. Read more about it here.

They are currently offering some great welcome offers for new users in the state that you can take advantage of, along with highlight features like live streaming.

New odds boosts are served up on a daily basis and DraftKings' Profit Boosts' tokens allow you to select the lines you want to boost.

Same-game parlays are also a source of pride for DraftKings and their Same Game

ParlayX option gives users an even more exciting bet option.
