Want to have a personal rooting interest in the outcome of the Kentucky Derby? Then place a wager and cheer home your favorite horse! Betting the Kentucky Derby isn't difficult.
What does it mean when a horse offers odds of 3-1, or 9-1, or 24-1? The odds simply indicate the perceived chance of that particular horse reaching the winner's circle.
A horse listed at 9-1 is expected to lose nine times and win once from 10 attempts (10 being the sum of nine and one), which equates to a 10% chance of victory.
A \$2 win bet on a 5-1 winner will return \$12 for a profit of \$10, but a \$20 wager on the same horse will return \$120 for a profit of \$100.
