How Do College Football Computer Picks Work?

\$ Of Units Opening/Closing

Record Opening/Closing

Our computer generates expert consensus picks, which can help you cover college football picks against the spread for every game.

But computers could care less whether you love DJ Uiagalelei or dislike Bryce Young.

For example, does the formula take into consideration player data and weather conditions? If the algorithm is complex enough, you might just have greater success in picking more college football bets.

With computer picks, it's just a matter of having the right combination of picks.

We highly recommend bookmarking our college football computer picks page as it will be updated regularly with picks and predicted scores for every college bowl game.
