Easy to learn there is a minimal learning curve associated with baccarat, thereby making it attractive to individuals without a lot of experience playing various card games as well as those who just love the game.

However, Filipinos may not gamble on Philippine-based platforms as dictated by law.

Beginning a live baccarat game is as simple as logging in to one of our recommended Filipino-focused online casinos and selecting the live dealer option.

Most online casinos will show you live blackjack options first or live roulette, disregard that open and select the tab for live baccarat.

We explain these below:

In baccarat, cards provide a numerical value and the object of the game is to bet on who will be closest to 9.

How Do Live Baccarat Games Work?

While live baccarat is a niche game, most online casinos offer hefty first-time depositor bonuses to help fund your account and risk-free live casino dealer bets for first-time players.
