Remember when Nevada was the only state that offered legal sports betting? That all changed in May 2018 when a revolutionary Supreme Court ruling granted states the individual power to legalize sports betting in the U.S.

Mike Dunleavy even showed support for the bill. Legal sports betting arrived in the state as of March 2020.

New Hampshire: Legal.

New Hampshire joined the list of states with legalized sports betting on the second day of 2020.

Atlantic City and the MetLife Stadium, among other locations, now offer legalized sports wagering.

All betting on in-state collegiate games and events, including player prop bets, is prohibited.

There are many ways to use the OLBG football predictions, if you have a question that isn't covered here, please use the contact form.

Analysts predict first quarterly drop in earnings since 2015 on \$3bn rise in turnover

Analysts also forecast that Facebook's annual profits for 2019 will be just below last year's \$28.7bn (£22.1bn), as it spends on countering fake news and illegal content, and tackling data breaches and privacy concerns.

Facebook continues to pull in more users and advertising, however, and turnover

in the first three months of the year is forecast to climb to \$15bn from \$12bn.
