The sheer number of matches in the Championship makes for a gruelling season, with a big squad needed if promotion is to be realised.

Like the EPL the most popular bets are the 1x2 markets, over/under 2.

You will find huge variations between the best and worst odds, which can make a big difference to your returns, especially when it comes to EFL Championship Acc umulator bets.

Promotion to the EPL is said to be worth close to 200 million pounds, so you can bet the Chairman of the EFL Championship teams is doing all within their powers to gain promotion.

The teams finishing in 3rd to 6th place each season meet in the Championship playoffs with the winner being promoted to the Premier League.

In the playoffs, the third-placed team plays against the sixth-placed team and the fourth-placed team plays against the fifth-placed team in the two-legged semi-finals.

The winners of each semi-final then meet at Wembley, with the winner joining the two automatically promoted teams.

The three teams finishing with the fewest points after 46 games are relegated, these teams are then replaced by the top 3 teams from EFL League Division 1. Facebook algorithm

Facebook is primarily a social network; an online place where people can hang ou t, socialize and share things of common interest. This is one of the reasons why it gives posts from someone's personal account a higher weighting than post s from a page.

On the other hand, if a person can attract a considerable number of supporters a nd then engage with them on a regular basis, they will find that their posts wil I appear in many people's feeds.

Kim Garst sums it up well when she says, " To sell on Facebook you need to s top treating fans like a commodity and start treating them like your friends. &qu ot:
