So, is it a total scam?

Matched betting is a risk-free betting strategy that allows you to profit from the free bet offers at online sportsbooks by hedging against them at an online betting exchange.

Since there’s no chance of losing your money, matched betting can be a good time to wager on long odds that would otherwise be too risky.

Matched Betting vs.

It’s not worth paying for advice on something with such low returns save your pennies and take them to a real financial adviser rather than a matched betting expert.

The bottom line: matched betting can net you some extra cash, but it’s no way to make a living.

Virtually all sportsbooks specify that they are for recreational bettors only, and there’s nothing recreational about manipulating a free promotion to make guaranteed money at a gambling website.
